

2025 MECHANOBIOLOGY CONFERENCE III

From Fundamental Research to Applications

July 06 - 12, 2025

ICISE Quy Nhon, Vietnam

icisequynhon.com/conferences/2025/mechanobiology-3/

Deadline for abstract submission: **30th April.**

Deadline for registration: **06th June**

Call for abstract

Topics

- Cell/Molecular Signaling
- Disease Development & Biomedical Applications
- Morphogenesis & Multicellular Processes
- Biomaterials/Bioengineering
- Single-Cell Migration
- Theoretical biophysics

Scientific Organizing Committee

Danijela Vignjevic

Institut Curie, France

Alba Diz-Muñoz

EMBL Heidelberg, Germany

Benoit Ladoux

Friedrich-Alexander University, Germany

Rene-Marc Mege

Institut Jacques Monod, France

Chwee Teck Lim

National University of Singapore, Singapore

Su Bin Lim

Ajou University, South Korea

Carles Blanch-Mercader

Institut Curie, France

Wang Xi

Institut Jacques Monod, France

Invited speakers

Daria Bonazzi

Institut Pasteur, France

Kerstin Göpflich

Heidelberg Univ, Germany

Anne Grapin-Botton

MPI-CBG, Germany

Viola Introini

MPL, Germany

Bomi Gweon

Sejong Univ, South Korea

Song Li

UCLA, USA

Yan-Jun Liu

Fudan Univ, China

Richard G Morris

UNSW, Australia

Li Kun Phng

RIKEN BDR, Japan

Rashmi Priya

Francis Crick Institute, UK

Pere Roca-Cusachs

IBEC, Spain

Andela Šarić

ISTA, Austria

Pierre Sens

Institut Curie, France

Yusuke Toyama

MBI, Singapore

Xavier Trepant

IBEC, Spain

David Weitz

Harvard Univ, USA

Congying Wu

Peking Univ, China

Dennis Discher

UPenn, USA
